**KING DECORATES BIRMINGHAM'S HERO AT BUCKINGHAM PALACE**  
Among the officers and men who received the V.C. from the King was Lance Corporal Murray of the 1st Battalion The King's Own Yorkshire Light Infantry.  
The official picture of the circumstances in which the V.C. was won is as follows:—At 10.45 a.m. on August 2nd, 1916, a German machine gun of the 1st Infantry sent a heavy fire, and later succeeded in putting a gun out of action by taking the driver's place who had been wounded.  
The photo shows Murray wearing the V.C. after his presentation by the King who is also wearing the French Médaille Militaire.
